My name is Phillip Kitchen and I come from Soldotna High School. I hope to gain work experience and my diploma so I can get a job easier. One thing I am learning is how to navigate the hospital.

Hi, I'm Justin Mason from Nikiski Middle/High School. I chose Project SEARCH to get job skills for the work place. I hope to get job skills and work site skills. I am learning Central Peninsula Hospital is set off in zones in case of fires.

My name is Michael Petrovich and I attended Soldotna High School. I chose Project SEARCH because this program will help me have job skills. I'm hoping to become an employee for a real job. I have been surprised by how clean the hospital is and how professional everyone looks.

My name is Gracie Satterwhite. I am from the Nikiski Middle/High School. I chose Project SEARCH to help me get a job. I hope to work at Wal-Mart someday. I have learned a lot so far. Now I know where all the doors to the stairs are located.

My name is Ian Smith and I am a Project SEARCH intern from Kenai Central High School. I chose to attend Project SEARCH because I wanted to show my abilities and demonstrate my employability. I'm hoping to obtain a sense of accomplishment and pride in myself. My first week in the program has shown me just how complicated and expansive the hospital is.

Tips for Success: New schedules have begun. It will be difficult to keep up the summer schedule on top of the fall schedule. Compromises will have to be made. Perhaps going to bed one hour earlier. Working in rotations and class time take stamina and alertness. Getting more sleep can contribute to more successful accomplishments in Project SEARCH.

This is a new piece to our curriculum. Interns are monitoring steps and recording them each day. Nutrition, wellness, and physical activity are areas we will be focusing on.
